

DYNAJET 1000me 400V/50Hz/63A

Cold-water high-pressure cleaners, 1000 bar(14.500 PSI)

Highlights

The first 1,000 bar (14,500 PSI) high-pressure cleaner without a control cable and with a dry-stop pistol. In the new DYNAJET 1000 me trolley, the best possible ergonomics are combined with maximum power to create concentrated efficiency. Making DYNAJETting even more environmentally friendly, efficient and safe.

Standard equipment

lifting eye, operating-hours meter, socket for plug 63A CEE, automatic star-delta and motor safety switch, level sensor to protect the machine from running dry, suction gauge, crankshaft pump, high-pressure gauge, Automatic pressure regulation with bypass function for infinitely variable pressure adjustment with automatic hose pressure drop down system, stainless-steel water filter, supply-pressure and water temperature-monitoring, safety valve, operating manual

Standard accessories:

- 10 m high-pressure hose for hot/cold-water
- high-pressure cleaning gun with extension pipe (total length approx. 800 mm)
- nozzle carrier and 15° flat-jet nozzle

DYNAJET 1000me 400V/50Hz/63A

Structure

- Robust, powder-coated steel frame for optimum machine protection and a long service life
- Screws made of corrosion-free material for high durability
- Splash-resistant (IP54) electricals box for versatile and problem-free deployment
- Operating-hours counter for optimum product costing analyses

Drive

- Automatic star/delta starter to protect the power supply
- Compact and robust industrial electric motor for a long service life with maximum operating times
- Belt drive for quiet operation and extended maintenance intervals
- Motor safety-switch for emergencies

Water supply

- Suction pressure control to protect the pump in the case of a weak water supply
- Washable stainless steel water-filter insert for maximum service life of pump and Unloader
- Low-maintenance industrial crankshaft pump for high performance and maximum service life
- Independence from supply water pressure due to booster pump with stainless steel storage tank as buffer and to calm the water
- Thermo safety valve for additional protection of the pump
- Integrated frost protection switch to prevent the pump from being damaged by frost
- Safety valve for additional safety during operation
- Large-sized bypass hose to prevent pressure peaks and temperature increases
- Smooth switching operations due to changeover valve with hose relief
- The first 1000 bar (14,500 PSI) device with a dry-stop pistol

DYNAJET 1000me 400V/50Hz/63A

TECHNICAL DATA

System	Cold-water high-pressure cleaners
Type	Trolley/Box
Pressure class	1000 bar (14.500 PSI)
Maximum flow rate	17 l/min (4.51 Us gal/min)

Pressure

Pressure class	1000 bar (14.500 PSI)
Pressure variable	No

Hydraulics

Minimum flow rate	17 l/min (4.51 USgal/min)
Maximum flow rate	17 l/min (4.51 USgal/min)
Pump revolution speed	Max. 850 rpm
Hydraulic power	32 kW (44 Hp)
Pump	Triplex plunger pump with package seal, rinsing/cooling and carbide plungers
Volume water tank	20 l (5.29 USgal)

Threaded connection

Input port	GEKA
Output port	M24x1.5 DKO ET

Drive

Drive type	Electric motor
Motor power	30 kW(41 Hp)
Motor speed	Max. 1450 rpm
Motor type	Electric motor, IP54
Voltage and frequency	400 three-phase current, 50Hz
Power transmission from motor To pump	Belts

Others

Chassic	4 wheels, trolley concept
Weight in kg	560.0
Dimensions (L/W/H)	116 x 80 x 130 cm
Medium	Clear water, up to 40 °C (104F), min. 1.8 bar (26 PSI) to max. 6 bar (90 PSI) supply pressure
Article number	1585050

DYNAJET 1000me 400V/50Hz/63A

Optional equipment at extra cost

Stationary frame DYNAJET, Remote control stop

DYNAJET provides a long vairyety of accessories for:

- Cleaning squares, stations & car parks
- Removal of concrete for renovation
- Weed control
- Cleaning & paint stripping ships
- Industrial cleaning
- Removing chewing gum
- Removal of graffiti
- Cleaning formwork
- Cleaning scaffolding
- Cleaning construction machinery
- Cleaning roofs
- Facade renovation
- Rust stripping of metal parts
- Tank & container cleaning
- Debarking trees
- Cleaning monuments
- Eco-Friendly Cleaning for Solar
- Installations
- Agricultural Cleaning

Kit: Water-sandblasting WSS
